

Dear President,

This is just to remind you that, in order to assist researchers who have or who will submit at least one abstract, we have decided to extend the EARLY BIRD REGISTRATION for the EBCOG Congress of Obstetrics and Gynaecology until the 15th February 2014. Please remember that we are able to offer a financial incentive to those trainees submitting the abstracts that receive the highest scores. This offer is limited to the first 150 best abstracts, with trainees receiving a refund of 100 Euros.

Please also note that the deadline for abstract submission has also been extended until 15th February. I would greatly appreciate it if you could remind all your members of these important dates.

We want to make Glasgow a really successful Congress and we are relying greatly on your assistance as an EBCOG member National Society to publicise the Congress as actively and widely as possible.

We have already received one of the highest numbers of submitted abstracts in the history of EBCOG Congresses. Let's make 2014 a truly record breaking Congress!

Thank you very much for your cooperation.

Kind regards.

Yours sincerely,

Prof Chiara Benedetto

President of EBCOG
